

Maths

We will be focusing on developing mental strategies and formal methods for multiplication and division.

Geography

We will be studying Natural Resources in both the UK and Chile. We will develop and understanding of both their advantages and disadvantages

Science

This term we will be studying the states of matter. Through our investigations we will recognise the properties of solids, liquids and gases and make comparisons.

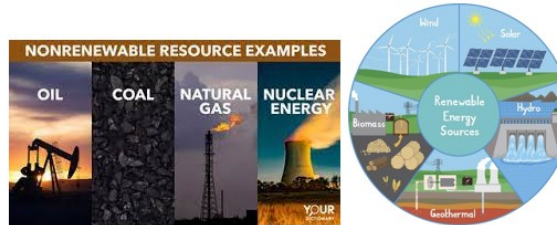

Physical Education

We will be developing our gymnastic skills. For our outdoor PE lessons we will develop our invasion games skills

PD and School Value

Our whole school value is respect. Our Year 4 focus is to value differences between one another.

Year 4 -Term 2

Design and Technology or Art and Design

We will be studying textiles. Using natural dyes and twigs, we will create our own loom to create a weaving.

Music

Our music for this term will be our performance songs. We will develop our recorder playing further.

English

In English this term we will be studying the poem Still I rise by Maya Angelou and the narrative Aladdin and the Enchanted Lamp. This will inspire us to write our own poems about friendship and our own fantasy stories.

Religious Education

We will be developing our understanding of Hinduism and what it means to be a Hindu in Britain today.

Computing

We will be creating media through audio production.

Modern Foreign Languages

In French we will be learning vocabulary to describe items of clothing, along with the different forms of the indefinite article.
