

Science

We will be studying properties and changes of materials. We will compare the properties of everyday materials and explore how to conduct a comparative test.

Maths

In maths we will be learning the place value of numbers up to ten million and how to calculate using all four operations.

History

We will be studying all the Kings and Queens of the Medieval Period and their impact on the history of Britain and the wider world.

Physical Education

In P.E. we will be learning Gymnastics and Athletics.

Art

We will be studying the art of mosaics. Looking at past and present monarchs. We will focus on sketching portraits and creating mosaics from square tiles.

Computing

In computing this term we will be focusing on computing systems and networks: Search engines. We will focus on understanding key words and phrases and identifying inaccurate information.

Modern Foreign Languages

In French we will be looking at monster pets and describing them using vocabulary.

Year 5 Medieval Monarchs

What we will be learning in Term 1.

PD and School Value

This term we will be studying Me and My Relationships in our PD lessons.

Music

Our music this term will focus around the song;

'Living on a Prayer'

English

In English we will be studying the picture book 'zoo' by Anthony Browne which will form the basis of our narrative writing.

Religious Education

In R.E. this term we will be looking at what it means to be a Muslim in Britain today and we will also be taking part in a church visit where we will be able to make comparisons between the two religions.
